👪 Information about the training program 👇

 The program is created by SEI (SE™ International) and the training is organized by Georgian-American SE™ Trauma Institute.

⁽⁽ⁱ⁾ The program aims at providing the participants with the opportunity to acquire deep knowledge of the SE approach to working with trauma, and to explore the ways of its practical application (within their scope of practice).

OThe Somatic Experiencing® ("SE[™]") Professional Training curriculum is delivered through a combination of lecture, demonstration, and guided practice sessions with other students. In Georgia the course material is taught in 6 training modules spaced out over 3 years. Two 6-day modules are taught each year. Training modules must be taken in sequence: Beginning, Intermediate, and Advanced.

In addition, in order to become a Somatic Experiencing Practitioner (SEP), a trainee has to complete 12 individual SE therapy sessions and 18 group consultation hours.

The training program is open to psychologists, psychotherapists, psychiatrists, social workers, teachers, special education teachers, any specialist whose work consists of being in contact with people.

!! The number of participants is limited and the candidates are selected and shortlisted during the interviewing process.

Successful graduates receive a certificate confirming that they are a Somatic Experiencing Practitioner.
